

HERE IS A CHANCE

Sympathisers for Strikers have Opportunity to Contribute

Large sums of money are being raised throughout the United States for the purpose of assisting the striking miners and their families, who are now in many cases suffering for the bare necessities of life.

The contest between capital and labor promises to be a fight to the finish and one that cannot but result in want and famine. The Journal has taken the initiative in Nevada in the matter of assisting the strikers and earnestly desires to raise a purse of at least \$100, which will be forwarded at once to President Mitchell. This paper heads the list with \$20 and request that all who have the welfare of the strikers at heart will contribute immediately and liberally toward this fund. Money left with The Journal will be receipted for and forwarded to the strikers, where it will be distributed where the greatest good may be done.

This is a time for action as well as sentiment, and the partisans of labor have now an opportunity to prove whether or not their sympathies extend beyond shallow words.

Promising Claims

J. W. Kennedy of San Francisco spent yesterday in this city. He is on his way to Tonopah, where he and his partner, Dennis O'Sullivan, own four promising claims. In one of them, which is situated on Red Mountain, the ledge is three feet nine inches wide. A recent assay gave returns of \$212.

George Jensen of the Washoe restaurant left for San Francisco. He expects to pay an extended visit to the Bay City.

The Great Hermann to Appear Here

Herrmann, the Great, a favorite entertainer and the most expert conjurer now before the public, will appear at the opera house Wednesday evening, October 8th.

Herrmann is a remarkably clever manipulator with his hands and his planning and sleight of hand is nothing short of marvelous.

He has been seen here many times before and his entertainments need no extended comment. They have attained a fame for excellence too well known to all theater-goers and have a trade mark that is invaluable. Herrmann and magic is synonymous. Mention of one recalls the other to mind. His program the present season contains much that is new to local theater-goers much that will astonish, mystify and amaze.

An aerial mystery, "The Princess Mahomeda," is probably the star offering on the program. Herrmann hypnotizes a young lady, reclines her on a couch, and slowly rises to a considerable height, then passing a hoop around the suspended figure several times it seems beyond belief that the illusion is not a reality.

"Voyage instantaneous" is another sensation very effective. The Hindoo Mango Tree, Les Fetes des Fleurs, The Santos Dumont and Chinese Washoe Washoe, will also be seen on the first time in this city.

The musical Goolmans will add variety to a long and interesting program.

Store Burglarized

A. Nelson's store at 217 Virginia street was robbed early Sunday morning. The burglar placed a sidewalk sign in front of the door, climbed on it and forced the top transom open. All he succeeded in getting was the small change left in the register. It amounted to about \$9.75. The burglar escaped through the rear of the store.

Over the Sierras

James Toughey of Sacramento was in town yesterday. He has the contract to construct a 1-4 miles of the Mono Lake road. The road is being constructed through mountainous country and will eventually be built across the Sierras.

Bids Opened

Yesterday evening the bids for the construction of the new Elk hall were opened, but no contract has been yet awarded. The bids were as follows: A. Patterson, \$17,778; F. M. Schadler, \$16,840; C. E. Clough, \$13,400.

Change in Fire House

Ed Caughlin, extra man at the engine house, has been appointed hose man for the Reno Fire Department. Dudley Acrey has been appointed assistant hose man.

A Footpad Gets Double Cross

Last evening an attempt at robbery was made by a highwayman on South Virginia street. Manuel Simas, of the firm of Hamp & Simas, was the intended victim, but the latter had noticed that he was being followed and had dropped into a saloon where he borrowed a revolver.

In front of the Lake Mansion Mr. Simas was confronted by the muzzle of a gun. The holder of it called out "Stop." His victim stopped just long enough to draw his "smoke wagon," which he discharged twice at the footpad, who disappeared into the darkness. Mr. Simas had been collecting and had nearly \$800 on him, which was saved by the happy forethought of possessing himself of a gun.

OF IMPORTANCE

The Palace Dry Goods and Carpet House announces the opening of fall and winter goods. The lines in every department are complete dress goods, silks, waists, suits, handkerchiefs, skirts, waists, coats, trimmings, gloves, hosiery, underwear, comforters, blankets, table damask, napkins, towels, sheeting, etc. We invite the public to inspect the new goods.

Owens a Good Mine

A. Dondero is up from Olinghouse. He has just built a handsome brick house in Powning's addition. Mr. Dondero and his partners, Spiro Franchovich, Dr. Patterson and Luigi Della Piazzi, who own the Cabin No. 2 mine, have a splendid prospect. They have just completed a very successful milling. The main tunnel in the mine has been advanced to 1100 feet and there are several hundred feet of backs in good ore. The tunnel follows the pay streak the entire distance.

Mining Photography

Wm. Cann has returned from Esmeralda county where he was engaged for the past week or two taking surface and underground views of a mine at Candelaria over which there is a two million dollar law suit. Mr. Cann took about thirty splendid views that will be introduced in testimony. This is Mr. Cann's specialty in photography.

Valuables Found

A woman, whose circumstances made her loss a severe one, dropped a purse Saturday at the Sierra street crossing. It contained about \$250 and several valuable rings. A little girl found the purse and returned the same to its owner, receiving a valuable reward.

A False Alarm

Sunday evening an alarm was turned in for a tule fire on the "Cow" Jones ranch several miles beyond the city limits. The department sallied forth, but was turned back by Chief Hodgkinson before it had gone many blocks.

Cold lunches at the J. J. Becker Saloon, Commercial Row.

Running for the Lead

The Crown Point mine which is under bond to C. B. Bell is employing five men at present. The property is one of the richest in Olinghouse gulch. The drift is now in a distance of one hundred feet and it is expected that the ledge will be encountered before Saturday night.

INQUIRY IS MADE

Reno's Efficient Police and how they are Hampered

The Journal has had the suggestion made to it that the police force could better patrol the town by having Reno districted and one officer detailed to each beat. At present the cops are frequently bunched up and four or five are found on the same block at one time. This is due to the peculiar circumstances under which they are laboring.

Reno's police force is without a head. Some of the officers are under the direction of Chief of Police Brown. Others are deputized by Chief Constable Leeper, some are under the employ of saloon proprietors and one is employed by the business men of the town and is more of a watchman than a regular arresting officer. At times when there are extra large crowds in town the sheriff's office deputizes special officers.

If Reno were incorporated, as it doubtless will be before many months pass, this condition of things will be improved. At present the fault lies with the system, or lack of system, rather than with the guardians of the peace. The latter are making an earnest effort to protect life and property, but they are under no surveillance and what co-operation of effort exists is due to the lack of rivalry and good fellowship existing among the officers.

Officer Nash is the only policeman whose beat is marked out absolutely. He is as regular as clockwork patrolling the section under his care. Officer Brundage has the red light district under his special guardianship and can be found there at any hour of night and almost any hour of the day. Officers Meffey and Ferrel are supposed to have the principal business blocks patrolled. They are to be found upon their beats throughout the night unless business calls them elsewhere. The other officers are not assigned to beats, but roam about in apparently aimless manner, looking for anything that demands their official attention.

CREATING ATTENTION AN EVENING OF PLEASURE

**What a Mining Paper "A Gilded Fool" Will
Says About Reno and
Vicinity Have the Boards on
the 10th**

RENO, Nevada, Sept. 20.—Those who passed through Reno a few years ago and have not kept track of developments in the meantime, would be surprised to come here today and find the bustling city that it is, containing a population somewhere about 8000 souls.

As Salt Lake is to Utah and the surrounding country, the central place or point of supply, Reno is destined to become the central supply for eastern California, western Nevada and southern Oregon.

The new era of prosperity enjoyed by this Nevada metropolis is due largely to the activity displayed in the mining sections contiguous to it. The discovery of Tonopah was a fortunate thing for Reno, which is called upon to furnish a large percentage of the freight sent into that mining camp, which is located on the desert of Nye county. Other south Nevada camps, not so large, send in their share of orders to the merchants.

Towards the north the camps scattered along the Nevada-California-Oregon railway are getting active, particularly the district known as Donnelly Mountain, where some rich discoveries of fine gold are of late occurrence. Then, within a few miles of Reno, the Wedekind mine, owned by John Sparks, democratic candidate for governor of the State of Nevada, has created an interest. The Southern Pacific has also taken a greater interest in the place than ever before and is preparing to make it the principal division point between Ogden and Sacramento.

Some of the progressive citizens of Reno have recently asked the management of the Southern Pacific for ground space near the passenger station in which it is the intention to maintain a permanent display of products of the mines. Trans-continental passengers would have an opportunity to see the display while passing through and it is believed by this means interest will be created from the outside which might not be obtained in any other way.—Salt Lake Mining Review.

Nothing Can Be Said Against Him

James Morris, the Fusion nominee for County Clerk, is deserving, as he will receive the favorable consideration of the voters of Washoe county at his ensuing election. He has lived in Reno for many years and if a word of reproach has ever attached to his name it has never come to our knowledge. He is rearing a family here and all of his interests are centered in this town and county. Of his competence there is no question. He is a first-class accountant and no man in the county is better equipped for the position he seeks than Jimmy Morris. Although running on the minority ticket four years ago for State Printer, he polled more votes in Washoe county than both of his opponents combined, which is a pretty good assurance of his success at the coming election.

Col. Maxson Attending

The Journal is in receipt of a copy of a special edition of the Colorado Springs Telegraph, gotten out in honor of the opening of the National Irrigation Congress which assembled there yesterday and will remain in session three days. Among the portraits of the officers appears that of H. B. Maxson, of Reno, who is secretary of the National Irrigation Congress.

The former proprietor of the Reno Chop House has opened a restaurant in the basement of the Pyramid house. All his former guests are invited to continue their patronage. S3m

SPECIAL NOTICE.

Owing to the delay in the opening of "The John Breuner Furniture and Carpet House," our resident manager, J. C. Leopold, will be pleased to call upon and consult with any parties interested in the purchase of any goods in our line.

We have in Reno a complete sample line of carpets, matings, linoleums and shade cloths, which he will be pleased to call and submit for inspection.

Any communication addressed to postoffice box 244 will receive prompt attention.

A "Gilded Fool" will be put on the stage at the opera house next Friday night, October 10th, by the Reno Dramatic Club. The proceeds of it will go toward the benefit of the University Athletic Association, which is in distress and needs your kind patronage. We have a good foot ball team, indeed the prospects have never been brighter for a winning team than they are this year. Now all we want is some of the necessary stuff to boost them along. So come out and contribute your mite. Tickets 50c, includes reserved seats.

You need not feel, however, that you are doing this for the sake of charity, but we can assure you that you will be well repaid for your time and money. There are just eleven in the cast, and under Mr. Dann's coaching good team work can be expected. Mr. Dann plays the center position, and makes things lively anywhere within his vicinity. Mr. Knox, although a man who makes no pretension in the acting line, is a man of rare ability, and needs no introduction to the people of Reno. Mr. Switzer also has some stunts up his sleeve for the evening, and will do the heavy work. He is hard to excel in his line.

Miss Maud Nash also has some lines to spiel, and when said by Maud are said just right. She suits the action to the word, and faces the boards with an ease that would put many professionals to shame.

There are others also in the show who are not far behind, and will be there at the kick-off. All in all, you may expect to see a show well worth your time. The box sheet is open at Armanko's news stand and tickets can be secured there or at Cann's drug store or Nelson's. The tickets are 50c and include reserved seats. Buy a ticket early and get a good seat.

MERCHANTS' LUNCH.

The Owl Cafe will serve a merchants' lunch every day from 11:30 to 1 o'clock for 25 cents. The lunch will be delicate and tempting. French dinner will be served every Sunday, including Claret wine. Remember the Owl's Virginia street Cafe 191m

Lady Minstrels Will Entertain Renoites

The Ladies Minstrels, under the aus-
 pices of the Eagle band, will be the
 "real thing" at McKissick's Opera
 House Tuesday, October 14th, at 8:30
 p. m. With an elegant first part
 with the following array of talent
 three end ladies, Mrs. Cora Sauters,
 Mrs. Randall and Miss May Curnow,
 introducing funny sayings, gags and
 jokes, all new. Mrs. Randall and Miss
 Maude Nash, the "comedy queens,"
 the Florida girls, soloist, Miss Hick-
 ey; Rainbow dance by Miss Hastings,
 and a specialty by Miss Ora Gill. A
 beautiful dance by sixteen young ladies,
 including other surprising novelties
 too numerous to mention. The ladies
 all have been carefully rehearsed by
 Prof. Willey, assisted by Mr. D. D.
 Smith, both professional gentlemen,
 who are capable, and have spared no
 pains to make this entertainment one
 of the most enjoyable society events
 of the season. Seats can be secured
 at Rosenthal and Armanko's. Price
 75c.

Humboldt County Enters a Claim

The Winnemucca Silver State says:
 County Surveyor Newby, who returned
 from Donnelly mountain, where he
 went to make surveys for the purpose
 of fixing the boundary line between
 Humboldt and Washoe counties, has
 made all the determinations and calcu-
 lations and says that the entire Don-
 nelly mining district is in this county.

That was not the only result of Sur-
 veyor Newby's trip. What is of more
 importance is his discovery that the
 big Gerlach ranch, which has been
 assessed for years by Washoe county,
 is in reality situated entirely in Hum-
 boldt county.

A Pertinent Inquiry

If some of the Republican editors
 would take as much interest in Judge
 Hawley's private affairs as they do in
 Mr. Newlands', they might find out
 how much of the salary the Judge drew
 from the State treasury has been in-
 vested in Nevada. The Independent is
 rather curious on this point. As it
 knows nothing of the Judge's invest-
 ments in the State, it would be pleased
 to receive information on this point
 from its Republican brethren who are
 harping so much about Mr. Newlands'
 interests in the State. Don't all speak
 at once, brethren.—Elko Independent.

Nevada Knockers Are Bad Citizens

Whenever a new mining camp is dis-
 covered in this State, a lot of people
 put in their time "knocking." There
 was never a mining town brought to
 the attention of the people but this sort
 of work happens. A lot of tenderfeet
 go to the ground and because they
 do not see a barrel of ready coined
 money on the dump they condemn the
 property, says the Central Nevada.

Tonopah went through this deal,
 and so did the Comstock, but the
 worth of both places was proven by
 the results. Nevada is all right in ev-
 ery section, and all she needs is the
 help of her people to build her up in
 every quarter. Instead of crying down
 every new find, give the owners a
 chance to develop them and lend what
 encouragement you can. It isn't as
 much capital as it is concerted action
 by the people that is needed in this
 State.

It Worried Him Muchly

T. A. Henderson, buyer for the
 Oakland Meat Company, is in the
 sulks. The Journal the other morn-
 ing mentioned his arrival and spoke of
 him in connection with the Western
 Meat Company. Al says it is bad
 enough to wrestle with a couple of
 thousand sheep all night in a freight
 train, but that is nothing compared
 with picking up the morning paper and
 finding himself classed with an-
 other outfit, rivals of his firm.

CONFESSIONS OF A PRIEST

Rev. Jno. S. Cox, of Wake, Ark.,
 writes, "For 12 years I suffered from
 Yellow Jaundice. I consulted a num-
 ber of physicians and tried all sorts
 of medicines, but got no relief. Then
 I began the use of Electric Bitters, and
 feel that I am now cured of a disease
 that had me in its grasp for twelve
 years." If you want a reliable medi-
 cine for liver and kidney trouble, stom-
 ach disorder or general debility, get
 Electric Bitters. It's guaranteed by
 S. J. Hodgkinson. Only 50c.

Was Nearly Missed

Peter Breen of Eureka, the fusion
 nominee for district judge of the Third
 Judicial District, came near having his
 name left off the ballots in Lander
 county. A copy of his certificate of
 nomination sent by registered mail to
 Austin, was delayed in the Palisade
 office and Mr. Breen was compelled to
 make a ninety-mile drive from Eureka
 to Austin in order to file his certificate
 within the time required by law.

Is Most Important

The most important thing for the
 reform party this year is to secure con-
 trol of the House of Representatives.
 Nevada, of all States in the Union,
 should send a Democrat to Congress.
 Think of this when you make out your
 ballot on the 4th of November, and
 remember that Clarence Van Duzer,
 not E. S. Farrington, is the fusion
 nominee for Congress.—Virginia
 Chronicle

A LOVE LETTER

Would not interest you if you're
 looking for a guaranteed salve for
 sores, burns or piles. Otto Dodd,
 of Ponder, Mo., writes: "I suffered with
 an ugly sore for a year, but a box of
 Bucklen's Arnica Salve cured me. It's
 the best salve on earth, 25c at S. J.
 Hodgkinson's.

Quite a Convenience

The Pullman car sidetracked last
 evening was well filled at an early
 hour. This new move by the railway
 company is a great convenience for
 the traveling public. It doesn't mat-
 ter now how late No. 3 may be, so far
 as the comfort of the voyagers is con-
 cerned.

BROKE INTO HIS HOUSE

S. Le Quinn of Cavendish, Vt., was
 robbed of his customary health by in-
 vasion of chronic constipation. When
 Dr. King's New Life Pills broke into
 his house, his trouble was arrested and
 now he's entirely cured. They're guar-
 anteed to cure, 25c at S. J. Hodgkin-
 son's.

"OF COURSE"

OF COURSE The Journal knew that the Republican Committee has not even offered to file a protest with the Secretary of State, and that the statement to the contrary is a falsehood, which we trust The Journal will be fair enough to correct.

—Carson News.

Of course The Journal knew nothing of the kind. It was informed upon what it supposed to be reliable authority that a Republican attorney at Carson had protested or objected to Mr. Newlands' name being placed on the State ticket. The Journal naturally inferred that the objection was not made at the instance of a Methodist church, the Wheelmen's club or any other religious or social organization at Carson. Of course any misstatement published in this paper, when ascertained, "The Journal will be fair enough to correct." If the News would pursue the same course, it would perhaps stand better in the limited area of its circulation. If the objection was not made at the instance of the Republican Committee, will the News please state who was the objector or objectors, and why it devotes all of its editorial space in Saturday's paper to prove that Mr. Newlands' name could not legally go on the State ticket, although it professes to wish that the strength of the two candidates could be tested by popular vote. So far as The Journal is concerned it don't care a tinker's profanity whether Mr. Newlands' name goes on the ticket or not, although it was the first to propose that the political parties of the State bind themselves by agreement to abide by the voice of the people by their conventions instructing their candidates for the legislature to vote for the Senatorial nominee receiving the largest number of votes—a proposition hooted at by the Republican leaders and press. Without such stipulation or agreement the "popular vote" proposition amounts to nothing and in fact is farcical. That was the reason why was introduced in the Democratic and Silver party State convention the resolution endorsing instead of nominating Mr. Newlands for United States Senator. The Journal will have something to say concerning the News' half-a-page reference to "Juggling of Votes" at an early date.

STATE SENATORS

IT IS a noticeable fact that the Republicans are concentrating their forces and directing all of their energies to the election of hold-over State Senators. They appear to be playing but little attention to their Assembly tickets, which indicates that their alleged Senatorial contest this year is only a pretense but that they propose to get as many State Senators as possible, as a starter for Stewart two years hence. That Stewart will be a candidate for re-election in 1904 is as certain as that he will live until that time. That he will be the Republican nominee is almost equally certain. Attempts have been made in some of the counties to force the Republican candidates for State Senator to pledge themselves against Stewart in the event of their election, but so far as we can learn, not one of them has taken such a pledge. It is therefore morally certain that every vote cast for a Republican candidate for State Senator is a boost for the man who was one of the first to raise the cry, "Silver is dead" and who has persistently voted for years upon the tariff, trusts and all National questions in direct opposition to the interests of the people of the State which he claims to represent in the United States Senate. Any Democrat or Silver party man who votes for a Republican candidate for State Senator will have only himself to blame, if two years hence he finds that he has been gulled into indirectly voting for the abhorred Stewart, who is even now recognized as the leader of the Republican party in the State.

AN OUTRAGEOUS SLANDER

PRESIDENT ROOSEVELT has good grounds for criminal libel against the Carson News, and one or two other Republican papers in the State which are asserting in the most positive terms that unless a Republican United States Senator and Representative are elected in Nevada, the President will see that nothing will be done for irrigation in this State. No Democratic paper in the United States has calumniated the executive head of the Nation so basely, nor does any intelligent opponent of the President believe that his moral structure is composed of such rotten material as would cause him to resort to such contemptible method of manifesting his resentment of the people of a sovereign State for exercising the elective franchise in accordance with their political belief and the dictates of their consciences, even if he possessed the power to do so in the manner alleged, which he has not. So the vicarious threat is as silly as it is slanderous to the Chief Magistrate of the Nation. While The Journal has freely expressed itself adversely to many of the President's official acts, it has sufficient respect for the man and his high office to resent a charge which, if true, would invoke the ire, or rather the contempt of every decent citizen of whatever party, in every section of this American republic.

AN UPRIGHT JUDGE

JUDGE B. F. CURLER was unanimously nominated by the Fusion convention to succeed himself as judge of the Second Judicial District, composed of Washoe and Churchill counties. This unanimous action of the two conventions was a merited tribute to his personal worth and his judicial record for the last four years, which is without a flaw or blemish. Judge Curler is a native son of Nevada. He took a thorough course of law study before he commenced the practice of his profession, where he quickly established himself in an enviable position at the bar and was regarded by his legal brethren as one of the brightest young lawyers in the State. The people of this district have never had occasion to regret the confidence they reposed in him four years ago, nor will they regret the renewal of such confidence, which will continue him upon the bench for another term.

AN IDIOTIC FALSEHOOD

OF ALL the lies, silly, malicious and mixed, that emanate from the Republican press of the State is the bald-face assertion that a combination has been formed between Mr. Newlands and Mr. Sparks, the terms of which are that the latter is to be elected United States Senator, in 1904. While Mr. Sparks would be a thousand times preferable politically, morally and intellectually, to the Republican candidate, W. M. Stewart, he has as little idea of becoming a candidate for the position as he has for running for Constable of Weedkind City. He will be elected Governor of the State for four years succeeding the first Monday in next January, and will remain in the office to which the people elect him during his official term. The falsehood was cut out of whole cloth and without the shadow of truth for its foundation.

NEWS OF THE STATE

Items of Interest taken from our Numerous Exchanges

The News says Carson people have \$50,000 invested in Tonopah mining shares.

The Elko oil well is down 600 feet but the rumor that oil has been struck is premature.

The farmers of Carson valley will build another reservoir in Alpine county this fall or spring.

The mines at Berlin, Nye county, are producing 75 tons of ore daily and employ 150 men in the mines and mill.

Mining Engineer E. B. Kimble and party are exploring the Dayton placer mines. It is said they are in the interest of John Hays Hammond, the well-known mining engineer.

Dry & Landon have finished their contract on the Peerless group, Malone will complete his this week. The work done so far has shown very satisfactory results and additional contracts will probably be let.

The 50-horse power steam boiler from the Boston mine has been set up at the Golden Treasure and will be used as an auxiliary, and for the purpose of making a test between the cost of burning "Joshuas" and oil.

Supt. McDonald of the New Era Co. is busy putting the property in shape. The new hoist is now running and the main shaft and workings are being cleared out. Work will be begun at once cutting out a station at the first level.

In a few of the counties the Republican platforms call for a repeal of the Revenue law. The law has lowered the State tax twenty per cent on the dollar and compelled a great deal of taxable property, which has heretofore lodged taxation, to settle with the authorities.—Silver State.

New Linotype to Be Shortly Installed

Yesterday The Journal received a new Mergenthaler Linotype, which will be installed in the new Journal building in a few days. The equipment of "The Journal" is now the most expensive and by far the most modern and efficient in the State.

The new Linotype has all the latest attachments and is fresh from the factory. The key board will be rattled by Ed. Lunsford, the "swift," who has been setting up this paper for the past year.

A Handsome Residence

Frank Martin is moving into his handsome new residence in The Orchard. Will James, the contractor, built the building for him and it is indeed a beauty. It consists of 12 rooms and is one of the neatest additions to the northern part of town.

Two years ago The Orchard was a section of Reno covered with fruit and bush. Now streets have been opened and graded and handsome residences are going up everywhere.

During this period there have been 11 residences constructed at a cost of about one hundred thousand dollars. The cheapest building cost \$1200, and the most expensive was about \$7000.

Home from Their Trip

Mr. and Mrs. I. N. Bakeless and little daughter, Marvel, have returned from a camping trip that led them as far as Fresno, California.

Their objective point was the ranch of Ed Gover, near Fowler, an old friend of Mr. Bakeless. Mr. Gover is one of the largest producers of oil in California and owns one of the finest ranches in the San Joaquin valley. The Bakeless party chose a cool season of the year and experienced no heat greater than 114 degrees. They drove 807 miles.

Held Up a Restaurant

The Yokohama restaurant on Commercial street was held up Saturday evening by a man who gives the name of Charles Nelson. He secured \$9. The highwayman was captured, the restaurant man got his money back and Nelson occupies a cell in the county jail, where he will be boarded for at least the period of time extending until the next meeting of the grand jury.

Constantly Increasing

Yesterday there were shipped from the Elite Brewery 28 barrels of beer to outside points, besides large local deliveries. As the weather grows cooler the business of the brewery increases steadily. A new malt crusher has been installed. It is run by electric power.

LATE NEWS OF TONOPAH

Breezy Items of That Camp Clipped From The Miner

The arrivals by stage this week numbered 65 and the departures 38.

There is a rumor that a hundred thousand dollar brewery will be built in Reno next spring.

Bowman & Smith have set up camp on their property near Summit springs and will soon begin doing assessment work.

The lack of fuel and water has kept many good properties in Nevada in the background, and the fact that these problems will soon be solved in this part of Nevada is sure to give the country surrounding Tonopah a great and lasting boom.

The ledge struck in shaft No. 2 of the Fraction last week at a depth of 330 feet is showing up a good trade of ore, and has not yet been gone through and its width cannot at present be determined. However, it is known to be at least ten feet wide, and the ore samples in the neighborhood of \$100.

The attention of geologists and the mining public is now directed to the geological structure of the San Antonio mountains which border on the east side of the San Antonio desert, where now can be heard on all sides the clang of bells sounding the signals to hoist to the surface the precious metals which add to the world's treasure, and which have made the word Tonopah famous throughout the mining world.

Boycott Has Been Declared Off

The boycott on the Troy Laundry has been declared off and the fact has been advertised in the public press. The cause of the boycott was the employment of non-union labor by the previous management of the laundry. As soon as the present management assumed control a communication was sent to the Union and a check enclosed to the amount that the laundry company had been penalized and a full and frank statement that hereafter the Union would have nothing to complain of. The union met the laundry management in the same spirit. The boycott was immediately removed and the check was returned.

By the way, the Troy Laundry has adopted a new scale of prices, as low as those charged at Sacramento and San Francisco, with express charges saved.

UPSETS ALL PREDICTIONS

J. F. Hughes was a candidate for county treasurer at Du Pont, Ga., but it was predicted that he could not live six months. He was afflicted with a running abscess on his lung and suffered for three years; his life trembled in the balance when he heard of Dr. King's New Discovery for consumption. He tried it and was finally cured and thus upset the predictions of all who knew him. It's positively guaranteed for throat and lung trouble by S. J. Hodgkinson. Price 50c and \$1.00. Trial bottle, free.

Building Up That Precinct

An election precinct has been established at Olinghouse gulch. J. E. Satter has been appointed as registrar. Hitherto the miners of Olinghouse have voted in Wadsworth, but the growth of the camp has made a voting precinct necessary.

The Session Opened

The tenth annual Irrigation Congress of the United States opened yesterday afternoon in Colorado Springs, Col. Maxson of this city is in attendance. He is the National secretary.

A Hustling Firm

The Buffalo Bottling Works, owned by Messrs. Britt & Rheude, is one of the busiest places in town. The proprietors are working up a big trade in Cook's mineral water, for which they are sole agents. They are bottling all kinds of soft drinks and the celebrated Buffalo beer. Mr. Britt has just returned from the eastern part of the State where he secured many heavy orders.

Mining Man pays Tono- pah a Splendid Tribute

C. L. Hanson, manager of the California-Tonopah company at Tonopah, Nev., came in from the west yesterday to make contracts for machinery and equipment to be placed upon his company's mine in the shortest possible time, says the Salt Lake Herald. Mr. Hanson is a veritable encyclopedia on the early history of the wonderful camp—a camp which produced \$6,000,000 worth of ore during the first six months of its existence, and piled up \$15,000,000 worth more on the dumps since the first pick was driven into the ground eighteen months ago. He related yesterday how James L. Butler came to discover the camp, and spoke of its future as follows:

"The history of the camp reads more like a romance than real life. James L. Butler, a poor prospector, spurred on by the wisdom and keen perception of a most faithful wife, was the original discoverer of the now famous Tonopah. In the fall of 1901, while looking for cattle, he was urged by his wife to prospect for gold and silver where the town now stands. Upon picking up a piece of float and taking it to an assayer, the verdict was that it was no good and it was pitched out of the window, to lie there for weeks until another assayer, ninety miles distant, was approached to make an assay.

"Being a poor man, Butler offered a one-sixteenth interest in the now famous Mizpah, Valley View and other most valuable properties, to the first assayer. Notwithstanding the fact that the first man threw it out of the window with contempt, the piece of float offered him to assay was tried by the second man, and proved to be most valuable. Butler carried out his original promise to the man, who made quite a snug fortune for a few hours' work. The enormous amount of high-grade ore which has been taken from the several claims speaks more than volumes that could be written touching the value of the camp.

"Tonopah today stands in the mining world at the head of the list for the time the camp has been in existence, and the best feature of the district is, as it is demonstrated today, that the ore bodies improve as the work progresses downward."

"Never in the history of mining has such an amount of gold bullion been taken from a mine in the same space of time. Many old Comstock miners of Virginia City, who have examined this camp, predict even a greater future than Virginia City has ever had."

GAINED FORTY POUNDS IN THIRTY DAYS.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the tablets.

—Holle Bros., Merchants, Long Branch, Mo. For sale by S. J. Hodgkinson.

Wheel of Fortune

Last evening an eastern mining promoter dropped \$650 at the Wine House roulette table. A big winning was made the previous evening from this game.

MINERAL WATER

(Bottled at Aetna Springs, Napa Co. Cal.)

There are so many kinds of mineral waters on the market, and all claiming to possess healthful properties, that it is difficult for a person to make a choice.

When we consider, however, that AETNA has stood in the front rank for years, has been a favorite in households as well as public resorts, and has been recommended by eminent physicians, who use it themselves and prescribe it for patients, there should be no question in the matter of selection.

SOME cotton comforts look well and wear badly. Others wear well and look badly. The housewife desires the kind that both look and wear well—the sort that keep their freshness after the first few weeks of service; are not filled with shoddy that turns to dust in a short time; don't display hills and valleys; are not quick to show resentment at nursery use. The
